BACC Speaks Again

The members of the Black Awareness Coordinating Committee would like to welcome all of the students to Savannah State College. We offer special felicitations to those students, especially the sisters, who are proud of their hair. We feel that we can't see your hair in its natural state or in an Afro cut is a step in the right direction. For those of you that are not familiar with the organization (BACC) our purpose is to help you to attempt to make the student body more aware of their Blackness, and to instill pride in every so-called Negro. We believe that the only way you can bring about a change in this

society is through revolutionary means. "The revolution being fought now is a revolution to win the mind of our people. To fail to win this one, we cannot wage the violent one."

Our plans for this 1968-69 school year are to have our second Annual Black Power Week, and a few other projects and programs that are still pending.

We wish to express our ideas of how the Black Man in America can best help his people. We advocate BLACK POWER very strongly, because we believe it to be the only way for the Black

SSC Alumni Makes Great Political Strides

(Reprint from Savannah Morning News)

A fierce Reconstruction era crowd of recently freed Negroes gathered in the "Old Town Square" to hold what was called a community political convention to nominate candidates for city and state government in 1868.

Out of this mass of humanity came James Potter, a local tailor who was nominated for state representative from the Chatham County, along with another Negro, James Simms, who was elected for the state Senate.

In the era of Mayor John S. Spruill, Savannah and Gov. Rufus B. Bulloch of Georgia, Potter was elected to represent Chatham County, but was later barred because of his race in 1891. In 1968, two years ago, he was granted his seat in the Georgia General Assembly and became the first Negro in Georgia to occupy a seat in the House.

It has been a long time since Potter made his triumphant march to the state Capitol to represent Chatham County—95 years for the record. And, another Negro will represent Chatham and probably will take up where Potter left off.

A young bespectacled attorney, Lela L. Hill, 26, recently became the second Negro in Chatham's 223-year history to represent the county in the General Assembly.

He gained political victory in the September joint primary by an overwhelming margin over his college pal and fraternity brother, Sherman L. Robertson, with both making their first bid in politics. After a hard month of political affairs to his credit in contrast with Hill, who is still in his second year as an attorney, Age wise, Potter was 12 years Hill's senior, with nearly 60 more political experience.

Even before he began his political bid, Hill was noted among the students at Savannah State College and the local community as an outstanding orator and an ambitious and determined leader.

It all started for Hill when he was a senior at Savannah State when he led the students' attempt to bring about the expiration of the term in the governing of the college.

Majoring in economics and with his eyes set on becoming a lawyer, Hill was successful with his student followers.

But that was just the beginning of his big things to happen.

While serving as president of the student body, he was elected one of the most sought after speakers at college—Man of the Year.

He later graduated with top

20 Persons Added to The Faculty and Staff

Twenty persons were added to the faculty and staff of Savannah State College for the 1968-69 academic year. Each new faculty member has studied beyond the master's degree and three of them have earned the doctorate degree. These additions will fill all of the vacant positions at the college.

Dr. Johnny Jackson, a native of Woodville, Mississippi, joins the faculty as an Associate Professor of Biology. He received the B.S. degree from Southern University, and the M.S. and Ph.D. degrees from the University of Oklahoma.

Dr. Jackson was formerly employed as an Assistant Professor of Biology at Atlanta University.

Sister M. Julie Maggioni, R.S.M., a native of Savannah, Georgia, received the A.B. degree from Trinity College, Washington, D.C., and the M.A. and Ph.D. degrees from Catholic University, Washington, D.C.

She joins the faculty as an Associate Professor of English. Formerly, she was employed by the Mt. Washington County School for Boys, Maryland.

Dr. Wolfgang Wurz, a native of Vienna, Austria, joins the faculty as a Professor of Mathematics. He received the B.S., M.S., and Ph.D. degrees from the University of Vienna, Austria. Dr. Wurz was employed by Bell Telephone Laboratories, Whippany, New Jersey, and Mrs. Julia Hubert Bennett, a

native of Sumter, South Carolina, joins the faculty as an assistant professor of English. She received the B.S. and M.A. degrees from Ohio State University. Mrs. Bennett was formerly employed as an Assistant Professor of English at Southern University, Louisiana.

Norman B. Elmore, a native of Savannah, Georgia, joins the faculty as an Instructor in English. He received the B.S. degree from Savannah State College, and the M.A. degree from New York University. Mr. Elmore was formerly employed by the Chatham County Board of Education as a teacher at J. W. Hubert Jr. High School.

Arthur T. Kolgakis, a native of Savannah, Georgia, joins the faculty as an Assistant Professor of Business Administration. He received the B.S. degree from Georgia Institute of Technology, and the M.B.A. degree from Harvard Graduate School of Business. Mr. Kolgakis was formerly employed by Merrill Lynch, Pierce, Fenner and Smith, Inc., Savannah, Georgia.

Robert W. Mueller, a native of Milwaukee, Wisconsin, joins the faculty as an Assistant Professor of Social Sciences. He received the B.S. degree from St. John's College, Annapolis, Maryland; and the M.A. degree from Johns Hopkins University, Baltimore, Maryland. Mr. Mueller was formerly employed by the U.S. Army.

Herman Pinkney Shares Denmark Experience

PINKNEY

By Augustus Howard

Herman Pinkney, a native of Los Angeles, California, went abroad this past summer on a program called the Experiment in International Living. Mr. Pinkney resided in Denmark.

Pinkney's trip was sponsored by actor and comedian Mr. Bill Cosby. Cosby, as we all know, plays the role of a spy in the popular series, "I Spy." Pinkney met

Mr. Cosby in an organization called Station Watts Workshop founded by Mr. James Woods.

He left for his summer trip on June 19th. He stopped in New York City and left for St. John's to Harvard, Connecticut. While in Connecticut, Mr. Pinkney and other members attended Winham College for a four day conference. There, they were taught a little of the mother tongue of their particular country that they were going to visit. After the orientation, Mr. Pinkney caught a chartered jet at John F. Kennedy airport to Europe.

While in Denmark, he resided with the Warberg family. Mr. Warberg is a doctor, and his wife is a librarian and a registered nurse. They also were reported to have seven children.

Urgent Notice To SSC Community

The home, furnishings, and clothes of Linda Jackson of Ft. Leung, Georgia were almost totally destroyed by fire on Monday, September 30, 1968. Linda is a senior mathematics major at Savannah State College and is the oldest of eleven children. Linda lost all of her clothes that she left at home when she returned to Savannah State College for the current Fall Quarter.

The Newtonian Society, an organization of mathematics and general science majors and minors, has taken as a project, the soliciting of funds to help the family of Linda Jackson. The society has pledged a minimum of \$1000 to the faculty of the Mathematics and Physics Department in lending us financial and any other necessary support in this project.

We are asking you for financial support in this project. The family is in dire need of it. Every cent contributed will go to the family.

Your financial contribution will be greatly appreciated if a family in dire need. If you desire to contribute by check in preference to cash, please make your check payable to the Newtonian Society of Savannah State College.

In return for this letter you will give you a written receipt for your contribution. In addition to the faculty, we are requesting every student at Savannah State College to donate at least \$1. In addition to your financial contribution we are requesting your active support in this project by encouraging your fellow students to support us.

With every good and best wish and hoping you give a favorable response to our request, we are

Most sincerely yours,

Are You Helping George C. Wallace Win the Election?

This coming November, the American public goes to the polls to elect a President for the next four years. But I strongly suspect that millions of college students who are of legal age to vote will not even bother to cast their ballots. Their main reason will be the same one that so many of the students at Savannah State give—I'm not going to be at home to vote. While you won't be at home to vote, there will be millions of prejudiced southern whites and a surprisingly large number of southern whites who will bright and early on election day casting their votes for some other than George C. Wallace.

Although I agree that there isn't anyone running that I would like to see in the White House, there is definitely one man I don't want to see there and that is our friendly Alabama neighbor, Mr. Wallace. For those of you who are away from home I suggest you look into the possibilities of an Absentee Ballot. For those of you who are native Georgians I hope you plan to go home to vote. I know you are thinking me about the cost of the trip and I think you should think long about the cost of the trip and more about the possibility of the election being thrown into the House in January.

Those of us who are from the South know that our representatives in Congress don't represent us! (Black people's best interest and so they elect the candidates who are of their race.) Little do they care about the consequences if a man like Wallace is elected. They fail to realize that Wallace is an irrational man and just like all irrational men (Hitler for example) once in power there will be nothing the public can do to check him. Not only will this racist have the position to foster his plans of racism; but he will have at his disposal all the nuclear weapons in the United States. His presence in the White House would not only make the United States a hard place to live but he would make the world a difficult place to continue our present form of colonialism. George Wallace is not only dangerous to the Black Man, but to every man; because anything that he does to hurt the Black Man will without a doubt hurt every citizen in this country.

So go to the polls! Black Brothers not so much to cast your votes for the Hard Nixon or War Hawk Humphrey but to cast your vote against George C. Wallace.

Upward Bound Progresses

By Crystal Johnson

"Upward Bound motivates

The poor student to strive

The high school to teach

The college to admit

The community to respond"

Upward Bound, an educational experience which motivated disadvantaged high school students to obtain a college education.

As a part of the work on poverty, administered by the Federal Office of Economic Opportunity, which solves the student's total environment and the biggest problem of all, their own self-conscience, dunes the war on talent waste. Upward Bound is exhibiting sparks all over America, in isolated rural hollows and teeming city streets, in the minds and ambitions of teens.

Here at SSC, the classes for the Fall Quarter began on Saturday, September 14, at 8:45 A.M. These classes adjourn at 1:30. At present there are 74 Upward Bounders in the three major classes of English, Mathematics and Great Issues. Their electives are French, Physical Science, Typing and Art.

As members of the Freshman class, there are 27 summer Upward Bounders enrolled. The faculty and staff roster includes: Director: Mrs. Ella W. Fisher; Secretary: Mrs. Willie M. Robinson

Guidance Director: Mr. Daniel Wright, Jr.

Coordinator - Instructor, Communication: Mr. Robert Holt

Coordinator - Instructor, Great Issues: Mrs. Wilhelmina A. Dean

Instructor - Physical Science: Mr. Walter W. Letwisch

Instructor - French: Miss Althea Mort

Instructor - Communication: Mrs. Abbie Jordan, Miss Virginia Huson, and Ms. Ous Mitchell

Instructor - Mathematics: Mrs. Jacquelyn Eyles and Mrs. Joyce Washington

Instructor - Great Issues: Miss Ada Simpkins and Mrs. Marjorie Hart

Tutor Counselors are Claudette Ogden, Yvonne Jackson, Jerry Dukes, James Taylor and Ina Bezier.

To the newspaper staff, there is a girl on your staff that I like very much. I tried to go with her this summer, but she had a boyfriend. She wrote a definite campaign column this summer, she's from Florida and she lives in Lester Hall. Thank you. John

Top Ten Sound Around Savannah State

By Augustus Howard

In a survey of the Top Ten records, I got the opinions of nine young ladies whom I refer to as my Panel of Record Critics. The panel consists of Barbara Cack, Jacquelyn Boyd, Joyce Davis, Martha Jackson, Edna Anderson, Barbara Stewart, Joyce Ann Perry, Velma Walker, Ruby Smith, and Eileen Cooper. In coming to a Top Ten compiled for you, they came out with these averages (the press took about one hour), and these are the results. You may not agree with all of them, but I'm sure that they are jiving with most of you.

TOP TEN SIDES

1. Say It Loud—I'm Black and I'm Proud — James Brown.
2. Private Number — Judy Clay and William Bell.
3. Western Union Man — Jerry (Mr. Cool) Butler.
4. A Little Prayer — Aretha Franklin.
5. Love Makes A Woman — Barbara Acklin.
6. Girls Can't Do What the Guys Do — Betty Wright.
7. I've Got Dreams To Remember — Otis Redding.
8. I Ain't Got To Love Nobody Else — The Intruders.
9. I Heard It Through the Grapevine — Marvin Gaye.
10. Baby Light My Fire — Jose Feliciano.

Well, there it is, the Panel of Rec-Perts' Top Ten Sides. Agree with them. I'm sure you do.

The tick in the list that made the charts the quietest was Marvin Gaye's version of "I Heard It Through the Grapevine." I'm sure that all of you remember the first one by Gladys Knight and The Pips from Atlanta, Ga. The "Late Great" Otis Redding's "Dreams To Remember" made the charts quite also, as all of his records have since the B.B. King's untimely death. Three sounds to be on the lookout for, are: Girl Wither, Destination Anywhere, and A Message from Mary. When the next paper comes out, these three may just be in the Top Ten.

Well, James Brown's Black and Proud sound has been in the Top since it was first played. Because of its help in waking up "BLACK AMERICA," it'll probably be on top for quite a while. So until next month, say I love, I'm Black and I'm Proud."

Compared to last year, the cafeteria's conditions are better about serving food. Congratulations to the cafeteria staff for such a marked improvement. C. & D.

I don't like the idea of paying over deposit when I get on campus. I don't like it. I have to stay off campus. I think they should send letters to you in the mail, so you can make plans before you come.

The administration and staff should set up a new system for registration instead of having to go through a long process.

Jeanne Graham

The brothers of Alpha Phi Alpha Fraternity should give me a letter. I have one of the freshmen from one of the Carolinas.

Lonely

The cafeteria staff promised me a better staff that they are not living up to what they said.

Rosie Joyce

The process of registration is complicated. There should be a better system of organization.

MOBLEY

What A Way To Begin?

Quarter, after quarter after miserable quarter the new and continuing students of Savannah State are inevitably submitted to that "Great" experience of registration. Being fairly optimistic, I am sure that many students have silently thought, well maybe things will be better next quarter or next year. Putting it truthfully, things never get better to the misfortune of the student.

Okay, so we pre-register — So what? In some cases, the courses you're registered for has been changed to another (most likely conflicting) hour or even without notice to the victims (students) dropped from the schedule completely. But how's this for the helpfulness of pre-registration? Suppose you've pre-registered, to learn that your pre-registration set has been lost. Okay so you fill out another set of cards, stand in lines and more lines, to learn after swollen feet and exhaustion that your set has been found and had only been "misplaced."

Worse still, try sitting in a class only your schedule is straightened out and have a ridiculous faculty member tell you that you can't sit in their class, due to the impression other students might get because of your presence. So you missed your first day of classes, simply because your schedule wasn't straight. So what? Is the expressed attitude going through this hectic process?

Bright idea to someone's credit—Let's try computerizing registration! Big Deal!—Lousing up—computer or human fault is still all over you. Try pre-registering for a certain class load. If you get all of your classes, you're lucky. But if you get only one, you're supposed to be that majority—you're lucky to get ten or fifteen hours when you pre-register for sixteen, eighteen or even twenty hours.

I am quite sure that the administration is well aware of this ridiculous situation. But I am well aware that seemingly nothing has been done to improve it. At least since Fall 1962. Basically, I feel that SAC of personnel and organization is the key to our problem. What SSC needs is a new system of registration, which will lessen the strain on all involved. However, if the administration just can't find an improvement or another system, try letting a student committee on the situation, or better still, try starting classes a day or two later.

F + C + T = TD + S!

At any rate—Fighting! Lives for hours + closed classes + trips across campus to and from advisors, Dean of Faculty and Registrar's office — through disgust and student unrest!

Barbara J. Mobley.

The Essence of Learning

By Cordell Welcome

My experience this summer at Harvard University conveyed to me the true meaning of learning in our vastly revolutionized world. It is not a matter of improving a skill, but of becoming more aware of my blackness and the significant role that we can play in the white man's competitive society. My primary goal while participating in the program was the acquisition of knowledge, that of the biological type and that related to science.

As for you, black brothers and sisters at S.S.C., I wish to erase the so-called intellectual superiority of whites; by letting you know that it is the result of exposure that they get ahead. This is falsely becoming a myth because I am a living proof that we too can be exposed. I would like to think of myself as having come, seen and conquered; for I acquired that which I came to get—"knowledge." We are sleeping giants of this changing world. We must wake up and take complete advantage of the preferential treatment that is now available to us.

FASHION HOROSCOPE

JACQUELYN ROBINSON

Knowing your horoscope of fashion is a good way of keeping up-to-date in our world of style.

Libra, the Scales (September 27-October 23). Sock-it, girls! It is the Fall and school has begun. Since Savannah's weather is unpredictable, why not step into the glut cotton plaid scene. The button jumpers with great big pockets in front and in back, joining side pleated kilts with "tighten up" any Autumn day.

This month Miss Linda Morgan (a sophomore) features one of the leather collections that has become so popular on SSC's campus. This outfit is a vestcut. The changeabound leather set matches a large white collar blouse with ruffled cuffs. Adding to the touch is the silk polka dotted tie. Miss Morgan also adds white socks and "goldfinger" shoes.

Another trim in style is the African print which Miss Jacquelyn Robinson is wearing on our campus. The African print is made in the butterfly lines. The prints are of a variety of four bright colors. Her accessories are of African beads, earrings and Italian sandals. To top her outfit off, Miss Robinson wears her hair in the natural look.

Scorpio, the Scorpion (October 21-November 21). Sit tight! Here we go again! Football, football, let the Tigers of SSC win your heart. Fans are what attracts the eyes of the men at SSC. The groove in bell-bottoms, the Nehru collar, or the tailor loose man appearance would wrap anyone up.

Parties, parties, this is the target for our Homecoming Dance activities. The sheik-look for evening wear is the velvet black and gray lace trim dresses, with a mini length to touch off an extra line.

Savannah State Wins Spring Clean-up Project

By Barbara Mobley

As most of you probably know by this time, Savannah State College won the contest in the 1968 Spring Clean-up project against its opponent, Armstrong State College, and \$5,000 was presented to the college by Mr. Wilbur M. Aftee, Chairman Advisor.

Yet in addition to that \$5,000 an additional \$1,000 was also presented for the individual organization which so faithfully worked along with us. Indeed at the time I wish to thank each of the students, and organizations who worked with me and the staff of 1968 Clean-up Savannah project. I sincerely hope the majority of you will join the others and are recommending that this entire \$6,000 be placed in the SSC Matching and Scholarship Fund; so that it will be made possible for us to assist many of the students entering Savannah State College.

As the General Chairman of the Clean-up project, it is my sincere desire and wish that each of you who worked so faithfully and hard will come to the same decision and agreement as I have; and try to realize that by our placing this \$6,000 into the Matching and Scholarship Fund, we have indeed been a great and honorable help to our institution.

Therefore, ladies and gentlemen, I wish to ask that each of you come to one decision as to what part of the money you wish to place to the fund; and where would you like for the rest of the money to be placed.

Again, may I say thanks to each of you for doing such a great job in helping to clean-up the city of Savannah.

It may interest you to know that the students who worked so hard, have made this project nationally famous in many states, cities, and even towns, throughout the United States of America, have come to realize the true meaning of what poverty really is and that there is nothing that can be done, and have therefore started a clean-up project of their own similar to this one.

Finally, we are the sole support of what has made the city of Savannah a more beautiful and progressive place to live in. So when you make your decision toward the award that was presented to many students, please think of those worthy students who are not able as some of us, to get to school on their choice. Let us all agree to place the \$6,000 into the Matching and Scholarship Fund.

Ladies and gentlemen the final decision lies solely in the hands of your honest and united judgment. Thank you once again in behalf of our beloved SSC. Dr. Howard Jordan, Jr., Mr. Mills B. Lane, President of the Citizens and Southern National Bank and sponsor of the project; Mr. Wilbur M. Aftee, Dr. Prince Jackson, Mr. Larry Sims, President, Student Government Association; and your Trustee, Clubbier Board, General Chairman and Coordinator of the project.

Juanaa Rudolph, Treasurer; Mae B. Jackson, Reprofit, and Miriam M. Williams, Organist, SSC.

Officers of instruction include: Mr. Bernard L. Woodhouse, freshman instructor and advisor; Mrs. Mollie N. Curtright, sophomore instructor; and Elizabeth W. James McKiever, junior and senior instructor.

Thoughts from An Open Window

By Evelyn L. Wilkerson
Autumn sets a dreary mood
Of time, places, and memories
we wish to elude.

The bright patches of trees smile
jauntyly back,
Reliving the days of mirth and art.

They remind of the good that has
come and past.

The pleasant memories that linger
and last.

They are symbols of that last fresh
breath.

That fills one exuberantly and
then has left.

Now each leaf drifts gently to the
ground,

As the wheel of seasons begin a
new round.

And along with the seasons that
begin anew,

A new era of my life—must un-
fold too.

Always After

Never before the mistake is made
will we discover our plight
Never before the beginning should

SSC Sponsors Citizens' Institute

President Howard Jordan, Jr. announces that Savannah State College will sponsor a Citizens' Institute on Law Enforcement. This institute will be held on October 28th and 29th, from 10 to 9 p.m., in Payne Hall, Room 104 or 109.

Goodwill is never a gift. It has to be developed and earned. This Institute will emphasize many ways in which goodwill can be cultivated. All of the methods suggested are common sense measures that have been used successfully by citizens and the police officers.

Inadequate police-community relations are a problem here of our times for which we must find a solution. This solution is a probable aim of the Citizens Institute. A planning meeting has been scheduled for October 14 at the Frazier Home Community Center on May Street, adjacent to Robert M. Gadsden School, at 3:30 p.m.

Richard H. Snibbe, Athens, Georgia, will serve as one of the chief consultants for the Institute. Snibbe received his M.S. degree in Criminology from Fresno State College, California. His previous work experience includes service as a military policeman, criminal investigator in Europe, service on the Municipal Police Department of California, faculty member of the International Police Academy, State Department, Washington, D. C. He is presently a coordinator at the University of Georgia.

Miss Camilla Hubert Hall, Shirley Williams.

Wright Hall News

On September 12th, the residents of Wright Hall had their first dormitory meeting of the fall quarter. Among the multitude of items on the agenda, the residents elected all of their officers and filled the vacant slots left open for dormitory council.

Also in the first meeting, emphasis was placed on dormitory life and what is expected from the freshmen in the four years to come. The main speaker at this meeting was Reverend Samuel Williams, Dean of men and college minister at Savannah State.

For the coming year it looks as though "the" it will be a group of hip freshmen. However, they are from all types of backgrounds and social make-up. It has been indicated by all the freshmen that they are ready for work this quarter.

We must also face the fact that Wright Hall is much better conditioned than it was a year ago. There are numerous marked improvements in its internal structure.

It looks as though Wright Hall will have a good group of dormitory officers. The officers are as follows: Wesley Jefferson, Presi-

MR. HOGENS

Interview With Mr. Robert Hogen, New Dietician

By Augusta Howard

Question: "How do you like working here at Savannah State College?"
Answer: "I like it here very well. The type of job that I had previously, left little time for me to spend with my family. This job is not so time consuming, therefore, I have more time with my family."

Question: "Where were you employed before coming to Savannah State?"

Answer: "I worked for Saga Food Service. We fed over 1,500 students at Carol University in Ohio. I was also connected with student feeding at Michigan State, where over 1,400 students and the entire Cleveland Browns football team were fed. I was employed with this firm for over five years."

Question: "What are some of the changes that have occurred since your arrival, and what are some of your other plans?"
Answer: "The dining area has been improved, which has been built in the wall, there is a choice in the selection of food, and young ladies have been employed at the food counters which I think is a nice idea. The staff and I have been familiarizing the students with foods that are ordinarily not found at home, and so far, we have been getting nothing but compliments. As for the future, we are trying to organize a buffet, after which I continued my studies at Brocton Chef Institute in Brocton, Massachusetts. I also had one year of apprenticeship at the Culinary Institute of America."

SAVANNAH STATE COLLEGE'S ...

By Augustus Howard

Reporting Reporter Howard Interviewing Dorothy Hollinger

When I asked the following questions to many of the fresh-man girls that came to SSC this year and some of the guys, I received many answers. The answers follow the questions.

Question: Being a freshman, how do you like Savannah State College? Did you do any or anything make you decide to come here? Did you read about it, or did a former graduate or student help you to it? Just what made you decide to make Savannah State College your Alma Mater?

(1) Precious Dean Bolton, Secretarial Science, West Side High, Lincoln, Ga.: As a freshman, I like SSC very much. I chose to come here because I had heard many interesting things concerning the business majors, especially in the major that I am pursuing, Mrs. Parker, counselor at West Side High also inspired me to come here.

(2) Dorothy Hollinger, Business Education, Washington High, Blakely, Ga.: I chose to come here because I think that they have a very good Business Department, I know this because I have two business instructors to graduate from here, and they are good!

(3) Julia Mobley, Sociology, Blakeley High, Waynesboro, Ga.: I like SSC because I think it is the finest college in Georgia. I chose to come here because one of my former instructors, Mr. Johnny Brown, told me so much about it.

(4) Bennie Peterson, Social Science, Mayo High, Darlington, South Carolina: I like SSC because it offers so many fields of vocation. The reason I came down here was because a friend of mine here inspired me to come to SSC. So far it has been a nice experience meeting new people and learning to live in a new environment.

(5) Brenda Foster, Elementary Education, J. F. Boddie High, Milledgeville, Ga.: I chose this college because of the nice surroundings and the highly spoken things that some of my friends had said. I often visited SSC and it was very nice to see such inspiring people. The inspiration of these people made me choose SSC as my Alma Mater.

(6) Naomi Butts, Sociology, Campbell Senior High, Daytona Beach, Florida: While traveling last winter I met a few basketball players from SSC who spoke very highly of SSC. Because of the things that were said about SSC, by these young people and after reading about visiting this college, I chose SSC as my Alma Mater. I too can help help loosen the shackles of ignorance that bound my people.

(7) Joyce Hollinger, Sociology, Washington High, Blakely, Ga.: I've chosen SSC because I feel that they have the best or one of the best programs to offer in Social Science. I have friends and relatives who have attended SSC. They put in some good words for SSC. I then decided to visit the campus. It was this trip that made me decide on SSC and SSC only. The campus I feel was the greatest experience or influence.

(8) Otis Fletcher, Central High, McRae, Ga.: I felt that the field I would major in could best be supplied here. To some, college life is dull in the field of socialism, but to me, I have enjoyed the past weeks. I hope that from this point that the lights of opportunity may shine in my path, thus giving me the choice.

(9) Raymond Fletcher, Sociology, Pinevale High, Valdosta, Ga.: I am enjoying my stay here at Savannah State very well. I am sure I am going to like it here. I understand the classes are tough and you will get sent home, however, I'm ready to meet the challenge. The main reason that inspired me to come here is the Men's Glee Club. I am anxious and ready to sing.

(10) Brenda Sutton, English, Lucy Laney, Augusta, Ga.: I like it O.K., but I don't like to brag on probation one bit. I chose to come here for many reasons, but I will only name a few: (1) good education, (2) to get away from home, and (3) to find a husband.

(11) Charles Jones, Jr., Electronics, Liberty County High, McIntosh, Ga.: I am trulyfully say that my brief stay here at SSC has been more rewarding than I suspected it would be. I decided to attend here because of the variety of subjects and extracurricular activities offered here. I found out about SSC by reading and from former high school teachers.

(12) Larine Burke, Biology, Blakeney High, Waynesboro, Ga.: I like SSC because it offers a variety of scholastic opportunities and educational facilities. It is one of the finest colleges in the state of Georgia and its educational program thoroughly prepares one for a successful future.

(13) Harold Curry, Math, Whitman Street High, Toccoa, Ga.: As a freshman, I like SSC as much or more than I could like any other college. I grow more fond of it every day. I chose to come here because of the campus and the city is so beautiful; also because I know some very intelligent people who graduated from here.

(14) Diana Boyd, Business Education, Peter C. Appaling High, Macon, Ga.: Being a freshman is something that I've always looked forward to. At this Savannah State, the college by the sea, because I feel it has much to offer me in obtaining my goal. I feel that I need to require more knowledge that will help me in my society, church, and community.

(15) Dora Jean Jakes, Music, Attopugus Mt. Mariah High, Attopugus, Ga.: I think SSC is a wonderful college. I like it very much. I chose to come here mainly because of its curriculum. Some of my relatives and also many of my friends attend SSC and they had told me what a wonderful place it was in. When I got here, I found what they had said was true. "It just LOVE SSC!"

AKA Extends Greetings

The Gamma Upsilon Chapter of Alpha Kappa Alpha Sorority, Inc., extends a hearty greeting to all freshmen, entering students, and new faculty members. We cordially welcome you to the campus of Savannah State College. May you have a successful and enjoyable success for you in your individual careers.

The sorors of AKA are very proud to see so many familiar faces which have returned to campus. We wish for you too, all the success that SSC affords.

Speaking of success, we take this opportunity to announce that several of our recently graduated sorors have been employed in new and exciting careers. Soror Barbara Bryant is a chemist at Bristol Myers Co.; Soror Rosa Hogan is a librarian at the Aaa Bookstore, Library here on campus; Soror Mirca O'Brien is serving in the capacity of Diplomatic Hostess; and Soror Lydia Smith Young is a chemist on a top secret government project. These are just a few of our sorors who have attained new heights since their recent graduation.

We again extend warm greetings to the SSC family and wish you every success in this school year.

Man. We have experienced and analyzed the white power structure and we've concluded that we've designed for the oppression of Black Progress. What do we mean by BLACK POWER? We mean ecological and social control of Black people by Black people. We want Black Representatives to represent Black Communities. We want large Black businesses run by Black people. We want schools controlled by Black people. In other words, we want to determine our own destiny. We believe in separation, not integration. We've tried to integrate but we were denied and rejected. Since Separation is forced on us, we want to close ranks and strengthen our organization. This is where BLACK POWER and BLACK UNITY take over. BLACK UNITY and BLACK POWER are closely related; because with unity comes power if it is used effectively. We all need the help of each other. Individualism is a white desire; and co-operation is a Black need. Intellectual and cultural enlightenment are part of the bettering of Black Communities. "Black people have got to start believing that what you're going to do is more important than what you're going to say, 'cause you already know what you're going to say. You've said it 500 times."

One of the main frustrating problems of the Black Man is self hatred. The reason for this is that we know so little about ourselves. We're angry that he has lost his news media and through his teachings. The white man has drawn a distorted picture of the Black Man in America. He has robbed us of our pride by saying that we had had hair because it is kinky and just look around you, and at yourself and see how many people still believe in it. "We say 'NEGROES' are suffering from mass insanity. Any man who burns his hair, bites his lips, or bleaches his skin has got to be insane."

The white man has not only taken our culture and history but our names from us. We'll go to any extent to keep us from identifying with our true self. Let us Black Men build Black schools so that our children will have the true knowledge of themselves. Being BLACK has seven aspects: ACT BLACK, TALK BLACK, BUY BLACK, CREATE BLACK, BELIEVE BLACK, THINK BLACK, and LIVE BLACK. (LHUR!!) (Freedom.)

THE NATURAL LOOK ON CAMPUS

The Natural Look seems to be one of the trends around our campus. The girls who are wearing this trend seem to be very proud of it just as others are.

When asked the following questions, they answered:

Nara Marshall (Freshman): "My friends and associates have stated that they admire my natural, mainly because of two factors. First, it is very neat, clean and intact. Secondly, it looks nice on me. As far as the faculty, I have not received any comments."

Michelle Lyons (Sophomore): "When I first started to wear my natural, I received quite a few mixed comments. Most of the comments were favorable, but a few of my friends couldn't understand why I wanted to go natural."

Shirley Young (Junior): "My friends and instructors are very

important to me, but my awareness of my heritage is ever more important. I am "Black and Proud" and nothing can change that fact."

Sharon Brown (Junior): "My friends and instructors have accepted my Natural Look very well. I have received many compliments on the 'New Me.' People are now realizing that we can be our natural selves, Black, Proud and Beautiful."

Jewel Wise: "The aesthetical beauty of the 'Natural' (the hair style the spring has taken its own curls) is truly uncompromising. The reception of my Natural Look has been most complimentary, from students and faculty members alike. I am proud of all my 'Naturally Black' sisters."

Sports Outlook

The Savannah State College Golf Team, coached by Dr. Herman W. Sartor, did exceptionally well in its first major tournament—having been organized for only about two weeks.

These are the results of their playings in the Mid-Town Golfers Association Annual Closed Tournament which was held on September 29: Captain Jimmy Westley won first place in the first championship flight, Morris Brown won second place in the second flight, and Coach Sartor won second place in the third flight. Each win brought a trophy, and they will be on display as soon as the accomplishments have been engraved on them. With only two weeks of organization, you can fully realize what great feats these men did for Savannah State College.

Coach Sartor would like to announce that positions on the team are open to anyone. Anyone wanting to try out should get in contact with him or Jimmy Westley. Coach Sartor knows that there are more golfers who attend Savannah State, and he wants them. All one has to do is get the clubs from Coach Frazier and go out on the

football field and practice. When you feel that you are ready for the tryout, Coach Sartor will take you to a golf course.

The team is now in the process of making schedules for next spring. Schools are already trying to get in touch with the team in order to play them.

The members of the team are: Captain Jimmy Westley, Morris Brown, Heiman Pinkney, Jimmy Owens, and Jacob T. Brown.

Here are some facts in the golf life of Coach Sartor: his home is Callieville, South Carolina. He started playing golf in West Africa as a hobby. He won several tournaments in Ghana in handicapped matches from 1960 to 1964. He was the winner of the fourth flight Mid-Town Golfers Association Annual Tournament in 1967 in Savannah, Ga. He won third place in the third flight Mid-Town Golfers Association Open Tournament in 1968 which was also held here in Savannah. His most recent rating was second place the third flight Mid-Town Golfers Association Closed Tournament which was held in Savannah. As you can see, we have a top-notch coach.

SSC Tigers Lose In Wild Comeback

By Augustus Howard

The Boaring Tigers of Savannah State College, led by the heroics of senior Felix Bell, the passing of sophomore Freddie Mosely, plus a fired up defense, almost did the unbelievable in their first game of the season against Alabama State College, but lost like heroes in the thriller 35-32.

The first half was dominated by the Alabama team. The Hornets from ASC scored three touchdowns in the first quarter and one in the second. Led by a fire running attack and excellent pass reception, they completely dominated our defense. They made two by air and two by ground. The Tigers of Savannah State were in the groove, and could generate ASC's defense. The halftime score stood ASC—23, SSC—0.

The third quarter will be remembered by the students and fans alike as spectacular in the most exciting and furious in Savannah State history. The first Tiger touchdown came on a one yard run by the flashy general Randall. Steve Jones made the PAT. The second exciting touchdown came on a pass that covered 37 yards plus special air being Felix Bell. Again the PAT was good by Jones. Before Tiger fans could catch their breath from the last tally, Mr. Bell was again on the receiving end of a long bomb from Mosely. This one covered 31 yards, but the conversion failed. Barely 90 seconds had elapsed when the tackle Jack Ely intercepted a pass, hustled, then nonchalantly rambled 14 yards for another touchdown. Tiger fans were going wild in the stadium. The team tried to tie up the game by making two points, but it failed. In the wild third period, the mighty, mighty Tigers made an over-enthusiastic 36 yard punt against a team that hadn't allowed four touchdowns in one game in the past four years! This was quite a feat. The third period score read 29-20, ASC.

While the offense was making all of these fireworks, the Tiger defense was shutting ASC out. Jones, Deangel, Brown, Ely, Berry, Garrett, Walker, Burt, Parker, Oliver, Harris, Peebles, Wright, and Armstead, the Tiger's defense, was doing an excellent job. They caught ASC before they received hand-offs in the backfield and they forced many ASC mistakes. They were magnificent indeed!

The fourth quarter saw both teams score one touchdown with their tally nearing the winning margin. They scored on a two yard run. The Tiger's last touchdown was made on a one yard yard run by fallback Frank Bell behind some great blocking, but the conversion failed. The Tiger had one last chance with about two minutes of playing time left but could not pull it off. Final heartbreaking scores—35, Tigers—7—35, Alabama State 27—7—35 Savannah State 0 0 26 6—32

B.D.M.O.C.? Button-down moccasins, maybe! Well, that makes as much sense as untailored slacks! Actually, E.D.M.O.C. stands for Best Dressed Man on Campus. And each Fall, certain select stores throughout the country run a contest to pick the best dressed college man in their area. That's where we come in. From this group of winners, we select a panel to make up our...

COLLEGE ADVISORY BOARD, which is brought to New York in the Spring—all expenses paid—for a whirlwind week of fashion seminars, business sessions...and some exciting extracurricular activities. (The last board had a night in Greenwich Village at a swinging new club—Salvation—complete with New York fashion models for dates.)

WITH ACCUSTOMED ESQUIRE STYLE, the men were booked into Delmonico's on Park Avenue—one of New York's poshest hotels—and awaiting their arrival was a wardrobe of clothes, especially selected by our fashion staff. Before going any further, perhaps we should introduce this year's panel:

DAVID WILLIAMS is a junior attending the University of Arizona on an acting scholarship, and **JAMES O'CONNOR** is a psychology major at Columbia who plays varsity football. **TOM SHIELDS** is a 20-year-old International Relations major who is chairman of Harvard's Undergraduate Council. At Grambling College, **DAVID TOLLIVER** takes time out from the debating team to teach off-campus, and mathematics major **KENNETH JACKER**—in the Honor Program at San Jose State College—managed to maintain a 4.0 grade point average last semester while working on several campus committees and serving as treasurer of his fraternity.

STEPHEN SERBE was president of his class last year at Georgetown University, and **RICK EVANS** has held a number of offices in his fraternity (SAE) at Northwestern. Other fraternities were represented by **JEFFREY MONT** from DePaul University (Beta) and **WILLIAM STRONG** from San Diego State (Kappa Sigma). **EDWARD ENGLISH** from St. Thomas College is active in the Young Democrats, and **JOHN WALSH**—a strapping 6'2" freshman at Boston College last year—is very sports minded.

PENLETON, Burlington, Yardley, DuPont, Eastonian, Alligator...these are just a few of the leading toiletry and apparel manufacturers participating in the fashion sessions. Some brought prototype samples...shirts with matching ties, shaped suits, bold plaid jackets, square-toed shoes...for first-hand appraisal. The panel offered their candid opinions on all types of apparel and the results were sometimes surprising, always informative. Next month we'll give details on the fashions they picked as most-likely-to-succeed.

TOPPING IT OFF, the panel was preserved for posterity in a group photograph which appears in color in our September "Back-to-College" issue. We hope you've already seen it. If not, just look for the magazine with the Beautiful People on the cover...Tiny Tim & Friends. And I ask you now—who could be more beautiful!

Mr. Pinkney, an excellent singer, sang in Copenhagen; because of his great performance, he was interviewed by many reporters.

The questions that they asked him were: why whites and blacks could not get along together in the United States of America, what were the reasons for the deaths of Dr. Martin Luther King, Jr. and Senator Robert Kennedy, and why are we in Viet Nam?

In summarizing his trip, Mr. Pinkney only wishes that others could have the opportunity to go

Determined Tigers Wallop Allen

By A. Howard

The high spirited Savannah State Tigers, sparked by a great defensive display which accounted for a two point safety, won their first game of the season, 22-0.

The first quarter saw an awesome display of power by both teams. Led by the Lockes of Berry and Smith plus a key interception, the Tigers quelled the Allen attack. At the tail end of the first period, the Tigers broke through Allen's defense on a punting situation and blocked the punt, recovering it on the 27 yard line. On a key third down play, Bell hit Leggett for a 12 yard first down. On the first play opening up the second quarter, Quarterback Felix Bell scored on a 4 yard runner behind some nifty blocking. The Tigers made a two point conversion and led, 6-0. With the defense rising to the occasionally, Allen team was held to naught the remainder of the second quarter, as was our offense. Halftime score, 6-0, Tigers.

Before everyone had finished marveling at the halftime performance by the reformed Tiger Band, the Allen team struck back on a 67 yard touchdown run by fullback Oscar Polite who notched 230 points. They also made the 2 point conversion and tied it up at 6-6.

The Tiger defense, angry for permitting a run so long, had a tenuous charge on the quarterback in the closing seconds of the third period and dumped him for a 2 point safety, making it 10-6. We then got the ball on the ensuing kick-off. Aided by two 15 yard penalties against Allen, the Tigers marched to the 5 yard line. Felix Bell, running with a slight, skirted the sidelines behind some scorching blocking and slipped in

for the touchdown. The PAT failed. The score thus stood 10-6.

The Tiger defense, clamoring for victory, stopped the big back from Allen on many plays, and on one in particular, Willie (Clank) Armstead played the "A" out of an Allen player on a punt. Tempers flared, but that was it.

The Tigers, not satisfied with 16 points, were growing for more. With the ball on the eight, quarterback Felix Bell carried it both times and scored on the second try from 2 yards out. The conversion failed, but the damage had been done as the prey had been postponed once. Amidst some runner tantrums, the Tigers walked away with a magnificent 22-0 victory.

Frank Bell scored all of the touchdowns in the Tiger contest prior to this one, but Felix Bell supplied the fireworks in this one by making three touchdowns. The Bells are now ringing.

The Tiger defense jelled in this encounter just as they did in our first contest, but the results this time were in our favor. Armstead, Berry, Peebles, Oliver, Smith, Betts, Brown, Ely, Deangel, Parker, Garrett, Jones, and Donald Wright performed excellently. The offensive line, Wright, Armstead, Sinson, McDowell, and Brown, did their utmost best in blocking. Every member gave it 100 percent and that is what it takes. Tiger fans beware!
