Athletic Activities -- Prominent Speakers -- Festival Highlights

The seventh annual Men's Festival was held at Savannah State College on April 21-27. Starting off in 1948 as an athletic carnival and banquet, the Men's Festival is now one of the highlights of S.S.C.'s activity program. In addition to the original events, a wide range of cultural, social, religious, educational, and artistic events were held.

The principal speakers were: William Early, president of the National Education Association; Harry V. Richardson, president of the Gammon Theological Seminary in Atlanta; L. D. Perry, cashier of the Carver Savings Bank in Savannah; and Rev. Willie Gwyn, pastor of the First Brownline Baptist Church, Savannah.

Serving as honorary chairman this year was Dr. W. K. Payne. Thomas Evans was general chairman. William J. Holloway, dean of men, was faculty advisor. Students, staff, faculty and administrators served on the planning committee.

New Feature—

A new feature this year was "Feast Day," held Friday, April 23, at 3:30 p.m. A symposium on "Feasts in the Stream of Western Culture" was held in the College Center. An hour later the "Feast of Heroes" was held in the College Park.

The festival was opened at noon Wednesday, April 21, with Mr. Early addressing an all-college assembly. This was the feature event on Education Day, Thursday was Talent Day, and a "Parade of Talent" was held in Midtown Auditorium at 7:30 p.m.

Sports—

Saturday was sports day and finals were held in intramural basketball, softball, track, and field events. Awards were presented at the annual banquet which featured L. D. Perry as speaker. Curtis Cooper, '55, was toastmaster.

The annual Festival Ball followed in the Wilcox Gymnasium.

Spiritual Emphasis—

Spiritual Emphasis Day was observed on Sunday with the men of the college taking over all religious activities. Rev. Willie Gwyn, Savannah State College alumnus, delivered the sermon. The climax of this day's activities was an address by Dr. Harry V. Richardson in Midtown Auditorium at 6 p.m. During this program Dr. Payne presented the "Man of the Year" award to Mr. Timothy U. Ryan. This award was for outstanding leadership, scholarship, character, and achievement.

Art Exhibit—

The celebration ended on Monday with an art exhibit and an outstanding movie featuring Fine Arts Day.

Language Arts Festival Held May 5-7

Sadie B. Carter, '55

The Statewide High School Language Arts Festival was held at Savannah State College May 5-7, 1954.

The main purpose of the annual conference is to develop greater language competency among high school students. The program is geared to stimulate students' creative ability in language; to improve language teaching through the free, cooperative exchange of ideas, information, and materials among high school teachers, consultants, and sponsors of the festival.

The Language Arts Festival is planned as a learning activity as well as an exhibition of talent.

Some of the main events that took place were: verse writing, creative prose writing, spelling, oratory, current events discussion, one-act stage plays, radio skits, poetic interpretation, and choral reading.

As an opportunity for teachers to receive help with specific problems in language teaching and related activities, seminars were planned in the following areas: creative writing; the production of radio skits and stage plays; the teaching of oral language; selectivity in radio, press, television and motion picture offerings; poetic interpretation; and the training of verse-speaking choirs.

The 1954 festival was one of the most interesting held at Savannah State College. The planning committee was headed by Mrs. Louise L. Owens.

'Tiger's Roar Wins Award

The Tiger's Roar, official publication of Savannah State College student body, was awarded second place by the Columbia Scholastic Press Association at Columbia University in its annual contest which closed on March 12. Clarence Lofton, junior, is editor-in-chief of the Tiger's Roar, and Miss Juanita Sellers is faculty advisor.

the students aid in the maintenance of the faculty? the staff? Each response must be in the affirmative! Savannah State College is our home. It is the residence of a student for approximately four years, whether he lives on or off campus. The average number of years spent in residence by faculty and staff is considerably in excess of four years. From the campus we derive more than education on the one hand and professional status on the other. To it we are obligated to render more than mere appreciation—something in accord with the benefits there.

"What is your major?" A student, selected at random, replies proudly that he is in elementary education. His training encompasses far more than the philosophy of education, the curriculum, and the psychology of learning-teaching. Who is to keep the campus clean and thus voice approval of God's handwork? Obviously those who enjoy the beauty and who receive the credit for being connected with the naturally beautiful surroundings should assume this task. Keeping the campus clean and attractive is indeed minor, in comparison with the creating of it. Should

The recent statement by Vice President Nixon—"If the situation demands it, the U. S. might have to send troops to Indo-China," has set the entire national news front afire. Indo-China is crucial to the West because a communist take-over there, by military or political means, would increase communist prestige vastly and put them at the gateway to all Southeast Asia. As a result of Vice President Nixon's statement, the question has arisen—is this "another Korea?"

The European Defense Community Treaty is the keystone of Western defense planning in Europe. Last week in a flurry of action, obviously connected with Secretary Dulles' trip, Britain and the U. S. fulfilled the demands made by France and the French moved a step closer toward setting a date for parliamentary debate on the treaty. E.D.C. provides for rearmament of West Germany and integration of the West German force together with forces of five West European countries in a unified command under NATO.

Delegates to the Georgia Teachers and Education Association convention, which convened in Savannah, Georgia, April 15-16, adopted a resolution "to work assiduously for the defeat" of the proposed constitutional amendment that would permit the transference of the state school system from public to private hands. "This amendment will be submitted to the voters in the November election," the resolution said, "and this organization urges its members to work assiduously for the defeat of this amendment."

to such criticism. Nobody else is likely to notice the thing. Why get upset about it? Say nothing and it will be forgotten. Everybody makes mistakes. It's only human.

GROVEL? Gosh, I'm sorry. You are wonderful to discover what was wrong—I didn't. I didn't. I was not off my feed. I had a bad night's sleep. Please, please let it pass this time.

ADMIT? Admit the error! Say you are sorry, and will take steps to do better, but to do it with self-respect. RESOLVE to prevent future errors, but do not do much talking—except to yourself. STUDY the error, and find out why and how you made it, and what means can be taken to prevent its recurrence. RESOLVE to be more careful, more attentive, more persistent, more accurate. BE big enough to admit it was your error, and remorseful enough to do something about it in the future.

That's Love

Solomon Green '55
What's love? Define, I'll try to do
It's hard, so true.
But if query he looks at you
And those lovely eyes, you look,
100,
Were he to go, you can't deny
That's love, you can't deny.

If in the spring, you slug
The blues that sadness brings,
And to see him you forget your sadness
And are overshadowed with gladness,
And in his arms you forget everything
That's love, that's love, darling.

The Road To A Career

Solomon Green, '55
From under the cloud the sun comes shining
To brighten attitudes that have long been pining
So look up colleagues!
Upon your faults continue mending,
Upon S.S.C. continue depending,
We are within sight of fewer hills and windings.

So be not discouraged or fatigued,
To your friends continue sending
Beautiful words of cheer
Be true, mistakes observing,
Commend others when deserving,
And very soon your road is curving
To success and a desirable career.

The Need For Leadership

The need for good leadership among men has become increasingly obvious in recent years. The world is in need of qualified people to take their places as leaders, as guides or conductors to steer their people to a safe and profitable destiny. It is up to us to prepare ourselves to meet such a demand.

In considering preparation for leadership, we are to be mindful of the qualities sought in a leader—those qualities that are essential for effective leadership. Some of these qualities are the ability to think clearly and logically, the ability to accept criticisms both good and bad, a feeling of security, a sense of responsibility, a high, thoughtful, respectful, and freedom from prejudices. Leadership also necessitates education. We must note that an educated person, one who is capable of doing the right thing at the proper time. The qual-

ities just mentioned are not usually inherited, but are developed over a period of time by special efforts.

As the leaders of tomorrow, we should be mindful of our responsibilities. The weight of the world is thrust upon our shoulders, not as an scorn but because we are men and are looked upon as the most efficient characters in the field of leadership.

We should face life's problems just as George Washington Carver, Booker T. Washington, Abraham Lincoln, Thomas Paine, Ralph Bunche, and others have done. These men had and have courage and the will power to go forward—to make this world a better place in which to live. Now it is our task and duty to launch out and do likewise. Are we willing to do our part, meet the world's demand for leadership, and steer our people to safety?

Children's Progress At Nursery School

Solomon Green, '55
During a recent observation of the pre-school children at the S.S.C. nursery school, we became acquainted with many of the developmental activities that are responsible for the instilling of desirable social behavior. Many activities are designed to motivate better learning also.

Miss Zella Owens, the teacher, gives each child her personal attention, understands each individual, and has succeeded in creating the type of environment which brings happiness to everyone. The program is flexible; therefore, it adapts itself to each child's needs as well as age. The children's ages range from two to five.

Further, we found that the children are being developed in the following ways: socially, they have learned to work and play together and many are ready for group approval; mentally, the children are becoming more and more alert in simple problem-solving and in creating new ideas; emotionally, the children are becoming more friendly toward others and their

pent up emotions are released through play activities, thus aiding them to control their tempers most of the time; physically, they are striving most heartily for better muscle coordination and better motor skills, the boys especially.

Savannah State College has a promising future generation of prospective football and basketball players. We noticed some good throwers, good punters, and good catchers in this group. The children are striving for and developing greater accuracy in their learning and social skills.

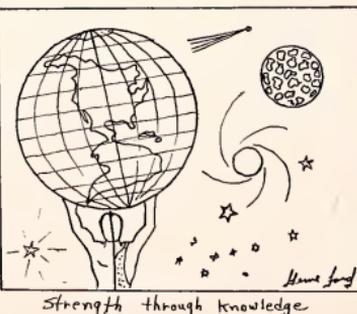

Can You Take It?

What do you do when your errors are called to your attention?

ALIBI? Do you blame the errors on others, on conditions outside yourself, or faulty orders?

ARGUE? Do you go on the defensive and justify your work?

IGNORE? The best way to get along is to pay small attention

THE BALLS

Now that spring has come in with a "Zan" and the balls are getting under way, everyone's eyes have turned to love, laughter and tears. And yet we find ourselves always gay and happy. I know that our next occasion will be enjoyed in the Wilcox Gymnasium.

The Veteran's Club broke the season with the first ball of the year on April 28, and the Kappas came back with the ball to which everyone looks forward. The Black and White Ball was an evening of gaiety.

During the evening, the Kappas carried out their usual tradition with dedications to the Greeks and non-Greeks and with the singing of the Kappa songs making an evening in Black and White one that will never be forgotten.

Greek Letter Organizations

Alpha Phi Alpha—

"Manly deeds, scholarship, and love for all mankind" are the aims of the brothers of Delta Eta chapter of the Alpha Phi Alpha fraternity.

The chapter has currently sponsored a concert featuring Mrs. Willie Mae Patterson and Mr. Robert C. Long, Sr. This program was the first of its kind to be sponsored on the campus by any Greek letter organization. Mr. Harold Collier was general chairman of the program. This concert is only one of the many programs the chapter has planned.

The members of the fraternity are proud to announce that one of the brothers made the honor roll last quarter.

The Spring Ball is predicted to be one of the most enjoyable of the season.

Delta Sigma Theta—

Delta Nu chapter was surprised and elated over winning the Kappa's annual scholarship award.

Probation week was a memorable one at S.S.C. The colors were bright and the activities interesting and entertaining. Delta Nu added to her roster the following: Alfreda Adams, Jettie Adams, Leona Bolden, Julia Hendrix, Genevieve Holmes, Rosa Penn, Gloria Spaulding, and Josie Troutman.

This is the month to which every freshman "girl" casts a wishful eye. It is this month that Delta Nu celebrates May Week and makes the award to the freshman "girl" who has attained the highest scholastic average. An interesting chapel program is in the making for the occasion.

For every effective program some operative rules must be enunciated. Our "Campus-Clean" campaign is no exception. Let us adhere to the suggestions. Your cooperation is urgently required. You, too, will observe the improvements which we shall effect together.

1. Make yourself personally responsible for items which bear our campus.
2. Use to the maximum the "Help-Keep-Our-Campus-Clean" receptacles.
3. Discard candy wrappers, chewing gum wrappers, cigarette packs, and other unsightly objects at the proper places.
4. Pick up at least one piece of paper or stem of debris when walking from one building to another. (five, ten, fifteen, or more items per day)
5. Avoid giving one the opportunity to point out to you that you "walked over" something.
6. Bring violations of the rules to the attention of the individual residents.
7. Be tolerant of violations by others; but remember that they tend to follow your example.

These, of necessity, must embrace cleanliness, orderliness, neatness, promptness, and other factors. Such can be no better learned than the campus situation permits. Accordingly, a clean, attractive, healthy campus will permit our prospective teacher to become aware of the desirable traits. In due time the teacher's students will be favorably influenced by the same traits. The elementary education example need not be a special case. All areas can be similarly cited.
